

PUSHBOATS FOR CHARTER

Daily / Weekly / Long Term

Smith Marine, Inc., offers the M/V RED HOOK and M/V MILES ANDREW

“We’ll put you where you need to be.”

*These highly maneuverable and **TRUCKABLE** Tow Boats are shallow draft with a 17’ height of eye. Both vessels are powered by John Deere 6068 engines and twin disc reduction gears turning up 225 HP each. Smith Marine vessels all arrive to the jobsite equipped with full electronics including RADAR, WAAS GPS Plotter, depth sounder, dual VHF’s, floodlights and searchlights. Deck hardware includes two 5000# Wintech deck winches, 6’ Fendered push knees, complete hull fendering and tow bitt. Vessels are outfitted with USCG Safety Equipment and meets USACE standards.*

RED HOOK: A 25’x12’x3.5’ draft, 225 HP Single screw boat is fitted with flanking rudders for incredible maneuverability and equipped with upper and lower steering station with heated pilot house.

MILES ANDREW: A 25’x14’x4.5’ draft. 450 HP Twin screw vessel raised pilot house and heated deckhouse. Upper steering station can be installed to increase height of eye to 24’ for added visibility.

Please contact us for rates and other Smith Marine services.

All quoted rates include Licensed operator, fuel and insurance. Long term and bundles options at discounted rates.
